Egoli Gas Internships 2026/2027 For Supply Chain And Logistics

Description

The Egoli Gas Supply Chain & Logistics Internship Programme aims to provide recent graduates with a foundational experience in Supply Chain Management and Logistics. The successful candidate will acquire practical knowledge in various facets of supply chain operations, encompassing procurement, logistics, inventory management, and production planning.

Responsibilities

- **Logistics Coordination:** Assist in the planning and coordination of product distribution logistics, including transportation, warehousing, and delivery processes.
- **Inventory Management:** Monitor and manage inventory levels to maintain optimal stock levels, minimize excess inventory, and ensure accurate stockkeeping.
- **Supplier Management:** Collaborate with suppliers to guarantee the timely delivery of goods while addressing any procurement-related issues.
- **Data Analysis:** Analyze supply chain data to identify trends, inefficiencies, and opportunities for enhancement. Formulate recommendations based on analytical findings.
- **Process Improvement:** Engage in continuous improvement initiatives aimed at optimizing supply chain processes, reducing costs, and enhancing overall efficiency.
- **Documentation:** Maintain precise records of orders and inventory levels, ensuring that all documentation is current and compliant with company policies.
- **Cross-functional Collaboration:** Collaborate closely with other departments, such as production, sales, and customer service, to facilitate smooth operations across the supply chain.
- **Reporting:** Prepare regular reports on supply chain performance, focusing on key metrics such as lead times, order accuracy, and inventory turnover.
- **Compliance:** Ensure that all supply chain activities adhere to relevant regulations, industry standards, and company policies.

Qualifications

- National Diploma or Degree in Supply Chain Management, Logistics, or a related field.

Skills and Competencies:

- Strong analytical and problem-solving abilities.
- Proficiency in Microsoft Office, particularly Excel.
- Excellent communication and interpersonal skills.
- Capability to work independently as well as collaboratively within a team.
- Attention to detail and a commitment to accuracy.
- Fundamental understanding of supply chain principles and practices.
