GIBB YES Internship Programme 2026/2027 For Mechanical Engineering

Description

The Youth Employment Service (YES) Programme represents a strategic partnership between business and government aimed at mitigating youth unemployment across both private and public sectors. The initiative is designed to empower young individuals by equipping them with new skills, providing meaningful workplace experiences, and facilitating paid employment opportunities. This, in turn, enhances their prospects for securing long-term employment.

The GIBB YES Programme specifically focuses on Mechanical Engineering. Participants will engage in a structured internship that promotes skill development and practical experience within the engineering sector.

Responsibilities

Interns in the YES Programme will undertake the following responsibilities:

- Assist in various engineering projects and tasks under the supervision of experienced professionals.
- Participate in training sessions designed to enhance technical and soft skills.
- Contribute to team efforts aimed at achieving project goals and deadlines.
- Engage in workplace activities that foster personal and professional growth.

Qualifications

Candidates must meet the following criteria:

- A minimum of a Grade 12 qualification with Mathematics, Science, and English.
- A National Diploma in Mechanical Engineering.

Selection Criteria:

In addition to the aforementioned qualifications, the following selection criteria will be considered:

- South African citizenship (must be born in South Africa).
- Age between 18 and 35 years.
- Unemployed and available for a 12-month fixed-term contract.
- Not a previous YES beneficiary.
- Proficient in computer literacy.
- A strong desire to learn new skills pertinent to the field of Mechanical Engineering.
- Demonstration of responsibility and integrity.

Job Benefits

- Valuable hands-on experience in the mechanical engineering field.
- Development of practical skills and competencies that enhance
